Hewwo, this is a rant/vent you're not allowed to ignore!!! ~Bixbite/Specter

butterflycat1708

Okay so before I start I'm gonna apologize in advance for my words and desires. Honestly, I just feel like I need attention. So lemme be a little selfish, will ya?
Ready now.

--rebooting system--
--loading TiredBixbite2.mov--

Hello all.
ahem I want- I need your attention here. I need your words concerned about my welfare and mental state. I need to see people worried about myself, I need to read those messages that express interest in my situation (even if that interest is fake, and it probably is in a few cases)
Sorry about what I just said? Normally I would be. But not now. That's Bixbite1.mov 's work. Being a tiny little doormat who apologizes for every single action so as not to receive negative feedback.

But I'm not here to talk about that, no.
I'm here to relate the events that have happened recently. Those events that will produce a pity reaction in you and therefore a comforting reply.

1. Why do I need attention?
My grandparents moved into my house a week ago. And on one sidr it's a good thing because it relieves me a bit of my work when my granny does chores in the house. Eh!
But on the other hand, my mom's busy taking care of my grandpa and thus can't pay attention to me and my bro's needs as much as before. Hm. Considering that my family's quite big on my mom's side, we're constantly getting calls and stuff. So mom and dad noticing me is out of the question.
Then, because of lack of supervision, my brother's beeing a real pain in the neck. I wanna fite him but...

2. My bro
Just gonna call him JA from now on to make it easier. JA's got some pretty bad blackmail on me (ggad discord peeps know what's up) and so I'm forced to let him annoy me. Otherwise he'd tell and attract attention to me. But not the kind i want. I don't want a lecture on ny beliefs and stuff so yeah. I'm boiling up with anger on the inside and I can't take it out on anything.
Did I mention my parents treat JA as if he were an angel who can do no wrong? Yeah, he's spoiled.

3. Insomnia
Why have I been staying up late in discord? I just can't sleep before midnight :/ and worse, my parents think I'm faking it! They refuse to accept that I am unable to get sleep. Mhm.

4. Art
parents are restricting my art so I'm going crazy bc that's my way to vent. So I 'M drawing secretly in paper and begging for permision to use my drawing tablet.

5. The forums
Now don't take me wrong. I just dislike people's reactions and was really frustrated about the glitches. Yes.

Now that you've heard some but not all of my problems, will you be worried about me? Will you reply saying that you care and will give me attention? Will you...
give me a hug?

why are uppercase and lowercase letters a thing? why don't we just write in all caps or all lc.? it's basically just western languages that do this? is this another relic of our eurocentric mentality and world? if so, i reject this way of life

GOSH! I know how it feels to have a sibling who think they own you because they know something they hold above you. The bad thig, probably, is to try and find something to hold over them.

But that's hard isn't it.
